Anthony –

By way of introduction, my name is Betina Turek and I work for the Office of the Chairman at Deloitte USA. On November 1, Deloitte will be hosting its biennial partner meeting at the Mandalay Bay Hotel in Las Vegas. More than 5500 Deloitte US partners, principals, and directors will be in attendance, as well as hundreds of international Deloitte executives. This year, we are trying something new – an event named the Technology Garden that will feature innovative products and technologies for both enterprise and personal use with the intention of awing our attendees and inspiring them to think about how to bring these offerings to their clients and teams.

We are expecting more than 40 companies to exhibit and would like FIT to participate and showcase the FITGuard. We will benefit from your participation as much as you will benefit from access to our most senior practitioners in a forum designed to foster interaction and engagement. If this is something you are interested in exploring, let me know if you want to chat sometime next week and discuss this further.

Thanks and I look forward to hearing back from you.

Sincerely,

**Betina Turek**
